IGI ISFAHAN GLASS

2022 - 2023

About the Company

Isfahan Glass Ind. (IGI) was founded as a glass manufacturing company back in 1982. However, the actual production did not start until 1999, within a space of six months of that initial production by launching its "Tempered Glass" production line the company turned into the sole and the pioneer manufacturer of such products in Iran.

Very soon Isfahan Glass Ind. (IGI) became a major and key player in glassware industry in the region relying on lifetime experience and vision of the company's directors and a team of highly professional indigenous workforce and taking full advantage of qualifed and trained personnel in all relative and necessary fields.

The company has succeeded also in producing over 300 different items of stylish glassware (to date)in very short period of time, being recognized as a top ranking supplier of quality glassware products both to the vast local market as well as being a first class reliable supplier to numerous and ever expanding international markets.

IGI establishment is sufficiently experienced in exporting its extensive range of products to many countries worldwide such as African countries like Mozambique, European countries including the U.K., Italy, Portugal, Denmark, Spain, Poland, Greece, Syprus, Russia ,Ukraine, Moldavia, Romania , Bulgaria and Bosnia and Herzegovina.

Moreover, our articles are regularly exporting to neighboring countries such as India, Pakistan, Afghanistan, Iraq, Turkey, Syria and Lebanon. Persian Gulf States markets are falling into as U.A.E., Kuwait and Oman. We can also add Jordan, CIS countries like Kazakhstan Uzbekistan, Tajikistan, Turkmenistan, Azerbaijan, Armenia, Georgia to the list and most recently our fine products have successfully reached as far as the South American Ashores like Brazil and Mexico.

Isfahan Glass's factory is strategically located in Dowlat Abad Industrial Zone just outside the magnificent and historical city of Isfahan about 400 km away from Tehran in Central Iran. The production facility consists of two fully automated melting furnaces with a total combined capacity of 100 Tons per day and nine production lines all but one which operates by "Pressing Production" Method.

It should be further noted that the factory employs latest developed technologies currently used in glass industry worldwide as well as taking advantage of the most modern and state of the art machineries supplied by first class world-renowned manufacturers and famous brands from countries like Switzerland, Germany and Italy.

To summarize,by combining highly experienced managerial team along with qualified, motivated and creative production team supported by First-Class Sales, After Sales Services, Marketing and R&D personnel utilizing the latest technology and machinery make Isfahan Glass Ind. (IGI)most famous and trusted household products brand in Iran which is deeply respected and sought after by every single family nationwide alongside turning it into a well-established and reliable trade mark worldwide.
